

Distribution Certification Review

Spring Semester 2010

Are you prepared for the March 20 test? Do you need contact hours?

California Rural Water Association (CRWA) is offering a series of two-day classes designed to enhance your working knowledge of Water Distribution. The classes include a pre-test, detailed instruction on the Expected Range of Knowledge for Water Distribution operators, and practice exams. This format helps operators "brush up" on the many aspects of distribution systems and assists individuals with test-taking skills. CRWA member registration is \$250, non-member registration is \$350. There is no registration deadline. Please bring a calculator and pen to class.

Operators who qualify for the Expense Reimbursement Grant may list their ERG number below in lieu of payment for this course.* For more information, please contact CPS at (866) 867-3594 or www.cps.ca.gov/tlc/sws/. Please be advised that students using an ERG# who do not attend all class hours will owe CRWA a balance for their tuition.

CRWA is a 501(c)(6) non-profit organization dedicated to serving California's small water and wastewater organizations. Get connected to a great resource for your system! For membership information or a current training schedule, please visit our website (www.calruralwater.org) or call 800-833-0322.

★ Remember, to take the March 2010 State Water Distribution Test, your completed exam application must be **postmarked by January 4, 2010! To request an application packet, call CDPH at 916-449-5613 or download one online at <http://ww2.cdph.ca.gov/certlic/occupations/Pages/DWopcert.aspx>.**
